Michael E Peel # 404-19-0872
vs
UNITED STATES OF AMERICA

To the Honorable Courts of the UNITED STATES
OF AMERICA.

I Michael Peel am seeking compensation for my
mental and Physical distress due to the
(UNITED STATES OF AMERICA'S) failure to
do a competent job in keeping the drugs out
of America. We the people of the United States
can not grow cocaine or Heroin. Our government
has failed to keep these drugs out of America and
out of the hands of the public allowing me and
thousands and maybe even millions of people to be
infected by these drugs and becoming addicted.

Along with the (FDA) allowing pharmaceuticals
and Alcohol into the hands of the public
knowing the potential for addiction. The People of
America and myself have paid taxes for years and
years for our alleged protection from foreign and
domestic threats like drugs. But as it would stand
the American People are being put to blame and
made suffer for our governments short comings and

being made to go to jails, prisons and for the people who are not effected by the drugs they are being forced to pay for the housing of the people who are victims of a failed system and government in which the government in a attempt to cover up its failure has alledged the people of America that are sick due to the increasing drugs and perscription drugs and Alchohol that the government has failed to keep away from us are calling us criminal. There for making the people of the United States think that the problem lies in the people themself instead of the real problem that is we have put our faith in a government to protect our borders and keep out the drugs and the people that bring them in and they have failed us. Now in so doing this many other problems have occurred due to the failure of the drugs being kept out of the UNITED STATES. For one domestic violence due to intoxication, Robberies due to the want of drugs to obtain them and being under the influence of these drugs and Alchohol. Shooting and car wrecks fatalities due to being under the influence. And our government has laid the blame and the burden on the people who paid them to protect us from this and even on a daily bce for them to stop these drugs from being brought into the country. But as it would seem our Federal government

P3

has no concern for protecting the American people from this problem. It's just good business to keep this happening. We the People of this great country are what makes this country great and it's not us that are the problem. It is in fact our elected officials and government offices and the hidden agenda of the United States with these pharmaceutical Co and Gun manufactures Alcoholic beverage Co and other Countries that produce Cocaine, Heroin and others drugs what ever they have going on behind our backs that is the problem. They can't even protect our borders from illegals instead they invite them in to take our jobs. And at this point I feel the need for compensation based on the fear I feel living in this Country and the mental anguish from my addiction of drugs and Alcohol that has destroyed my life but also for the time lost to being jailed for things I have done while under the influence of these drugs and Alcohol that I should have never been able to have possession of and the time away from my family and not being able to hold a gainful job or pursue happiness in life due to the addiction that I should have been protected from and for all the damage to my body the disease of Hep-C and all the broken bones due to fights and

p4

car wrecks while under the influence of drugs and alcohol that the UNITED STATES OF AMERICA failed to keep out of this Country and out of the hands of the people it is sworn to protect. I have no faith left in this Country and am in fear of my life and scared for the safety of the people of this Nation due to the lack of protection our government provides for us against these terrorist attacks of these Companies and other Countries. I am asking for an award of \$100,000,000 for my pain and suffering and urge the people of this nation to ask for compensation as well until we are protected in a way such as our Constitution would believe to be. And not be threatened by this modern day Minister Mobsters!

Thank You

Mike Paul

I would also like
my seventy back.

Point-1 While incarcerated by the Federal Government I have ask for treatment of the virus Hep-C. And have been told that they would not due ~~to~~ to the fact that since I was in the early stages and "not rich enough" They didn't feel it would do any good.

This took Place at Federal Vocational Institute Beckley.

It is a shame that I have ask for and been denied medical treatment by the very people who have imprisoned me for having a gun in with I would have never had if it had not been for the fact that I stayed under the influence of drugs and Alcohol. With the fact as I would have not had in my possession if the federal government the UNITED STATES OF AMERICA had not failed in protecting me from this infection of addiction in which my eyes was in fact introduced to me by them. But I go on to say I fear retaliation for my accusations against them. I feel that they did not protect me from drugs in which case has caused me to make these bad decisions while under its influence.

P6

Point - 2 I would never had fractured my spine or broken my pelvis bone or punctured my ~~big~~ lung if I had not made a choice while intoxicated by Alcohol to run from the police even after the officers called off the chase I still run allmost to my death cause the Alcoholic Beverage Companies and bars have been allowed to sell alcohol to people without any concern for the buyers or the general public's safety and let someone stumble in and buy more and leave and possibly leave to there death or kill someone else. With the FDA and the local and Federal governments have let go on for the Alcoholic Beverage Companies to profit and the small businesses all so they can pay the sales tax to the local and Federal government. Just good business for Big business ~~and~~ with is the government agenda and main concern. Not the American people in with they have left victim to addiction, domestic violence, Death, Shootings, robberies and many other crimes due to being under the influence. I see the American people over the Idem.

P7

Point 3

I have been incarcerated for about 10 years of my life cause of the choices I made while I under the influence of drugs and alcohol. In which I should have never had in my possession but due to the failure of the UNITED STATES OF AMERICA to protect me from these drugs and alcohol they let into this Country and let be sold to the people knowing the effects of and the possibility of addiction yet still let it be sold I and my family and children have suffered loss after loss and time away from each other, financial loss, loss of jobs, homes, cars. The embarrassment to myself and family. Along with the harassment from the local sheriff's department and police. My life has become unbearable and the pursuit of happiness has fled from my sight. Only despair is left for me. I feel helpless and hopeless.

Point-4 Due to the drugs that was let into the country and the ones sold over the counter and perscription along with the Alcoholic Beverage Co sells of alcohol my mental and physical being has been prever altered all thanks to a failed government. I know longer think or feel the same about things due to the effects of the drugs and Alcohol I've consumed and all the things I've witnessed due to my incarceration and being under the influence. I'll never be the same. My physical appearance altered and aged by all of this and the profits and wrecks due to the infection that was allowed to make it into this country into our communities and all the way to me due to the lack of concern by the UNITED STATES OF AMERICA the cooperation! Only concerned with taxes the money in there pocket that makes them truly happy has destroyed my life and many others. All to appease other Cooperations and other Countries. We the people to a back burner to the agenda and left the burden by it. Proof is everyday on the news of this failed government in which I seek compensation for my mental and physical anguish.

P9

Final Closing

It's a fact that the "War on drugs" should have never been. Cause all that happen was a war on the American people took place. People / Victims of this War on drugs was punished for being infected with an addiction in which they should have never been able to come in contact with if it had not been for the failure of the UNITED STATES OF AMERICA the same that had convicted so many for this disease called addiction that failed to protect us and keep the drugs out of this Country along with protecting us from the drugs and Alcohol that Big Business brought in and the FDA approved knowing the potential for addiction. It has never been attempted to arrest and try these other countries imprison them and force these people to leave the burden of housing them and feeding them and make them pay for the rehabilitation of American citizens. Instead of placing the burden on the American people to house feed and rehabilitate its own people and still not be protected. No one has ever imprisoned the Owners of Alcoholic Beverage Co's or the Pharmaceutical Co's either only the American people are imprisoned for this.

910

And as it would seem that now the war on drugs was all a ploy to blind the American people for a agenda that took place as of today. The moment the UNITED STATES OF AMERICA accepted the first tax dollar from the sales of pot in this nation legally it made them in conspiracy to traffic pot to the American people furthering the infection of addiction into the heart of our the Peoples Nation. The sale of pot is a Federal crime and at any point of the point of trafficking you make a profit from the sales of an illegal drug you are trafficking and in knowing so and failed to inform any law official of this trafficking you are in conspiracy of the alleged trafficking. Who do we place in prison for this? My life is in danger due to the failure of the UNITED STATES government and I am seeking \$100,000,000 for pain and suffering due to the failure of being protected from the drugs and Alcohol my life destroyed. And do am in fear of my life from retaliation from the UNITED STATES OF AMERICA and for my mental anguish for years of this life that has been let fall apart due to the drug abuse and

P11

addiction from which I have suffered due to
the failure of the UNITED STATES OF AMERICA
to protect me and the rest of the nation from

Thank You
